2020 JOINT VIRTUAL AGM & CONFERENCE

SPONSORSHIP PACKAGE

President's Messages

TOM KINNIBURGH, PRESIDENT, AAAA

Welcome to the first (and hopefully last) Virtual Alberta Aerial Applicators Association Conference. We encourage you to take advantage of the many education sessions and meetings taking place. Don't forget to acknowledge our many sponsors and join me in raising a glass to toast 50 more years of conferences...in person!

The 4A's is proud of reaching our 50th Anniversary as an association. In those 50 years there has been many outstanding achievements within our industry and aviation. There has also been many members who have given up their free time, effort and knowledge to help better our industry as a whole. Hard to believe I'm involved with an association that has had 3 generations that have been active members. Let's hope the next 50 years are even more successful and the future conferences will be live.

I hope with all the world events and non-events that everyone had a good season. We are hopeful that this new (Not the new normal) virtual event is a success for everyone. It's our first attempt at such a thing and I believe we have the staff with the know how to make this a success like all other conferences.

So please continue to support each other through these times and remember to support our many sponsors who have been helping us through the many years. With that in mind I wonder how many of those sponsors have been with us for 50 years? I know a few of the personnel that have been there..

PAUL SABOURIN, PRESIDENT, MAAA

Welcome all! The MAAA is pleased to join the AAAA and SAAA to present a joint conference this year. This is not the event we have become accustomed to, but we are grateful to be able to offer our members the opportunity to get together virtually and offer some credits as well.

We will be holding the MAAA AGM during this event so ask that you please register.

These events are made possible by our sponsors and we remind you to also support them throughout the year. A reminder that education and networking are important to all of us, even in these unprecedented times, and we invite you to make the most of it by joining us November 24-25.

Stay safe and see you soon.

CHAD VANDERBYL, PRESIDENT, SAAA

Hello all! The year 2020 has been one of many uncertainties and challenges. Fortunately, we have managed to keep COVID-19 numbers low in Saskatchewan. I feel we should count ourselves lucky that the Ag Industry continues to be strong, allowing us to help our farmers continue to feed the world by protecting their crops.

Unfortunately, with the current government restrictions on gatherings still in place, we are unable to move forward with our 2020 Wings of Saskatchewan Conference with the Saskatchewan Aviation Council. These guidelines only allow a maximum of 30 attendees, if a two-meter separation can be maintained. This year we will be forced to move to an online format. In saying this, this is a great opportunity for those who may have never attended our Wings of Saskatchewan conference to do so from the comfort of your own home. Hopefully, we are able to give you a peak into what you have been missing all these years.

On the unfortunate side of this you will miss out on what I feel is the best part of the entire show- the comradery of everyone involved in the industry. I challenge all of our members, new and old, to attend these sessions. Our team has been working hard to make this online conference successful.

Good luck to everyone finishing up the 2020 season and continue to fly safe.
